Skills Employers Want - 2023

What is Collaborative Learning?

...a situation in which two or more people learn or attempt to learn something together

two or more = pair, small group, class, community, or a society

learning something = follow a course, study course materials, learn from lifelong work practice

together = different forms of interaction

Learning Objectives

Upon completion of this course, students will be able to:

- choose a topic and restrict it to the purpose and the audience
- fulfill the purpose of oral discourse by:
 - formulating a clear thesis statement
 - providing adequate supporting material
 - selecting a suitable organizational pattern
 - demonstrating careful choice of words
 - providing effective transitions
- employ vocal variety in rate, pitch, and intensity
- demonstrate nonverbal behavior that supports the verbal message
- critically evaluate speeches by recognizing main ideas, identifying supporting details, recognizing explicit relationships among ideas, and recalling basic ideas

Self-Introduction Speech

Current Event Speech & Discussion

Impromptu Speech

Tribute Speech

Persuasive Speech

A person's hands are shown typing on a silver laptop. The laptop is open, and the screen displays a blurred interface. To the right of the laptop, a spiral-bound notebook with a wooden cover is open, and a pair of blue-rimmed glasses is resting on it. In the background, a pen lies on a white surface. The overall scene is brightly lit, suggesting a clean, modern workspace.

Online Assignments

How to create a pre-professional
LinkedIn Profile

Scaffolding Assignments:

- Researching entry-level positions in your field
