## Graduate Assistantships

---

The Graduate College offers [Graduate Assistantships](#) at several levels and in different categories for students who have been fully admitted as degree-seeking students into a master's or doctoral degree program (see additional [eligibility](#) information).

**Graduate Teaching Assistant (GTA)** is the term used at KSU to refer to graduate assistantships with a primary job duty of instruction. KSU has two categories of GTAs - Teacher of Record and Teaching Assistant:

- **Teacher of Record (TOR)** – the primary instructors for an undergraduate course. They may teach a maximum of 6 credits each semester. Teachers of Record are responsible for instruction and management of their courses.
- **Teaching Assistant (TA)** – assist faculty members with teaching. GTA Teaching Assistant responsibilities vary greatly and may include, but are not limited to:
  - Teaching a small section of a course
  - Holding office hours and meeting with students
  - Assisting with the grading of homework, exams, and/ or written assignments
  - Administering tests or exams
  - Assisting a faculty instructor with large lecture classes by teaching students in laboratory or discussion sessions

**Graduate Research Assistant (GRA)** is the term used at KSU to refer to graduate assistantships that work on campus in research-related positions. These research positions primarily exist in academic departments as well as some research centers and institutes. GRAs gain the experience of working alongside faculty members on innovative research. GRAs are funded through competitive faculty grants and contracts. GRA responsibilities vary greatly and may include, but are not limited to:

- Collecting, coding, and/or analyzing data
- Conducting literature reviews or library research
- Preparing materials for submission to funding agencies and foundations
- Writing reports
- Preparing materials for IRB review

Research assistants work under the supervision of an individual faculty member or center director. Work on research which is directly applicable to the student's thesis or dissertation submitted in partial fulfillment of the requirements for the Masters or Doctoral degree is not permitted. Research assistants should also not be engaged in

work unrelated to their academic program or that does not further their educational experience and objectives.

## Policies Related to Graduate Studies

---

### **KSU Sexual Misconduct Policy**

---

In accordance with federal and state law including, Title IX of the Education Amendments of 1972 (“Title IX”) and Title VII of the Civil Rights Act of 1964 (Title VII), the University System of Georgia (USG), including Kennesaw State University, prohibits discrimination on the basis of sex in any of its education programs or activities or in employment. The USG is committed to ensuring the highest ethical conduct of the members of its community by promoting a safe learning and working environment. To that end, Kennesaw State University follows USG Board of Regents Policy Manual, Section 6.7.

For more information, see Institutional Equity, “[Title IX](#).”

### **Graduate Course Auditing Policy**

---

Auditing of courses will be permitted for a regularly enrolled graduate student and on a space-available basis, for those who hold a graduate degree from Kennesaw State University. Auditing of courses is not allowed in the Coles Doctor of Business Administration, the Coles Executive MBA, the Master of Science in Conflict Management (MSCM), the Master of Science in Information Systems (MSIS), or any of KSU’s Master of Education (M.Ed.) programs. A student must have completed all prerequisites necessary for the course to be audited and is expected to complete all course requirements as noted on the course syllabus. A student may audit no more than 6 credit hours of graduate course work in a given term.

For more information, see “[Graduate Course Auditing Policy](#).”

### **Grading of Thesis/Dissertation credits**

---

- A grade of “IP” will be recorded for all thesis, dissertation, or project credit work in progress and will automatically be recorded each semester the student is enrolled.
- Unless otherwise approved by The Graduate College, the grade of “S” or “U” must be recorded for all thesis, dissertation or project credit when completed.
- Unless otherwise approved by The Graduate College, the program will report a final thesis, dissertation or project grade of “S” or “U”. Any reported grade other than “S” or “U” may be changed to an “S” or “U” grade according to the following: reported grade of “A”, “B”, “C” = “S”; “D”, “F” = “U”
- Upon completion of the thesis, dissertation or project requirements, final grades for preceding semesters will be changed to the appropriate grade.

## **Graduate-Level Study**

---

Graduate students may use graduate level work only to complete their degree requirements. Undergraduate coursework may not substitute or transfer more than one level; (i.e. 5000-level course may not be used for 7000-level courses and vice versa). Graduate-level work may be used only in the undergraduate degree if a Double Owl Pathway is in place (maximum 9 credit hours).

## **Expectations for Satisfactory Graduate Level Student Performance**

---

A graduate student is expected to earn grades of at least “B” in most of the coursework for the student’s degree. For graduation, a graduate student must have earned a cumulative grade point average of at least 3.0 in all graduate course work at Kennesaw State University and a grade of “C” or better in each course presented to meet degree requirements.

For details about academic probation, dismissal, and reinstatement, see [“Expectations for Satisfactory Graduate Level Student Performance.”](#)

## **Satisfactory Academic Progress Standards Policy**

Federal regulations, HEA Sec. 484(c), §668.16, 668.34, require all schools participating in Title IV federal financial aid programs to have a Satisfactory Academic Progress (SAP) policy that conforms to the requirements detailed below. These requirements apply to all students as one determinant of eligibility for financial aid.

- Your SAP status is based on your entire academic record, at all schools attended (includes all transferrable hours), regardless of whether you received financial aid.
- SAP is calculated each semester after grades have been posted to academic history by the Registrar’s Office.
- Students can view their SAP Status at any time via Owl Express. Students who are put on a warning or failure status are notified via their student email address and mailed a letter via US Mail to their mailing address on record.
- If after the first term of attendance you are not making SAP, you will be put on a Warning status and allowed to keep aid for one term. Your continued eligibility will be determined after the next term checkpoint.
- If your SAP status is Failure after the check is performed, you will not qualify for financial aid for the following term.
- If your SAP status is Failure and you cannot mathematically attain SAP requirements following the next term, an appeal will not be permissible. Documented mitigating circumstances may allow continued eligibility on a case-by-case basis and will require an academic plan.
- A student may appeal their SAP Failure status only twice during their academic career at KSU. Documented mitigating circumstances may allow additional appeals on a case-by-case basis.
